### Verify the Contents Inside the Package Box

The package should contain the following items plus WTV-3000. If any item is missing or damaged, please contact the seller immediately.

Quick Guide

CD-ROM

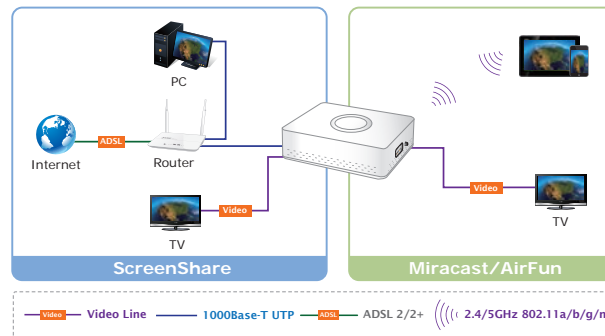

Power Adapter

Micro USB Cable

### How to Connect the TV Adapter

Before installing the TV adapter, make sure your PC, smart phone or tablet-PC is successfully connected to the Internet through a broadband service. If there are any problems, contact your ISP to resolve them first.

**Step 1.** Plug in the power cord.

**Step 2.** Connect the HDMI cable to the HDMI output of the WTV-3000 and to the HDMI input of your TV/Monitor.

**Step 3.** Push the power button to turn on the WTV-3000.

**Step 4.** Follow the on-screen instructions to set up the WTV-3000. The system default mode is AirFun mode, which means it is ready to receive videos, music, and photos from your PC, laptop, smart phone or tablet.

**Step 5.** You can switch between ScreenShare mode and Miracast mode by pushing the button on the side of WTV-3000 (next to the USB port) twice; just follow the display on the Monitor.

## AirFun Mode for Android Phone

- Step 1.** Please refer to the following ways to download the AirFun App.
- A.** Download AirFun App from Google Play Store by Android phone by searching “AirFun” as the key word.
- B.** You can scan the following QR codes and install the AirFun App.

**Step 2.** Click the AirFun icon

**Step 3.** The AirFun starts to search the AirFun device. If there is no AirFun device, it will show “No device found”.

**Step 4.** You can drag the video/photo/music file to AirFun main menu directly.

## Miracast Mode for Android 4.2

**Step 1.** Go to the “Settings” to search and connect the WTV-3000. (Just HTC / Samsung as on example)

HTC New One

Samsung Galaxy S4

**Step 2.** The screen would show “Waiting for connection”.

## ScreenShare Mode for PC and Notebook

**Step 1.** You can install WTV-3000 ScreenShare application on the CD ROM.

**Step 2.** ScreenShare will auto detect 'Server IP'. Please input login code as shown on the instructions page.

**Step 3.** If login code is correct, application software will appear.

## Further Configuration

For detailed configuration, please check user's manual on the bundled CD.
