

1. Verify the contents inside the package box

The package should contain the following items plus VTS-700P.

		
Quick Installation Guide x 1	Panel for surface-mounting x 1	DI/DO cable x 1

If any item is missing or damaged, please contact the seller immediately.

3. How to use VTS-700P

When the PoE Ethernet cable is connected, you will see a penguin in the upper left corner of the VTS-700P screen, and you also can see the MAC address, default IP location (**192.168.0.20**), and the version number. On the left side of the VTS-700P home page, the temperature, weather, date and time are displayed. On the right side of the VTS-700P home page, four types of anti-theft monitoring screen are shown. At the bottom of the screen there are scene control, and intercom function; we will introduce each function later. There are five function buttons on the right hand side of the screen.

2. Installation dimensions and illustration

PLANET VTS-700P is easy to install by following the steps below:

Step 1: Wiring and mounting on the wall -- Place the wall-mount panel in the position where you want and fix it with four screws, and then hang the VTS-700P main body as shown below.

Step 2: Please connect the Ethernet cable directly to the LAN port on the back of the VTS-700P for PoE models.

For more information, please refer to the VTS-700P user manual.

-  Security system start / release
-  Camera monitor
-  Call guard room
-  Open door lock
-  Answer / hang up

Default IP Mode: **DHCP Client**
 Default IP Address: **192.168.0.20** (For network without DHCP Server)
 Default Username: **admin**
 Default Password: **admin**

Step 1: When you touch the time display zone of the VTS-700P homepage with your finger, the QR code will jump automatically on the screen

 **Note**
 If there is any item missing or damaged, please contact the seller immediately.

Step 2: Open the link directly by your smartphone or open the browser to log in the VTS-700P settings page (**Default login user name and password:** admin and admin) that provides device information, security setting, intercom setting, and system setting.
